An iOS Engineer with over 16 years of experience developing robust, user-friendly mobile applications and leading teams from inception to deployment, in both commercial and enterprise sectors.

## EXPERIENCE

### Frontiers Market AI — *Austin, TX*
Senior *iOS Engineer & Applied AI* | March 2025 - Present

Developed AI-powered iOS and web applications using modern mobile and backend technologies

- Integrated LLMs and on-device ML using SwiftUI, Core ML and Vision to deliver intelligent app features.
- Re-architected mobile applications to enable modular, decoupled development across teams.
- Contributed to web platform development, including UI features, API services, and PostgreSQL data integration.

### Pre-K-Moji (*Independent Project*) — *Austin, TX*
*iOS Engineer* | Oct 2024 - Feb 2025

Designed, developed, and launched **Pre-K-Moji**, an educational reading app for children, available on the App Store as of **December 2024**.

- Implemented **speech synthesis (AVSpeechSynthesizer)** and interactive emoji-based learning experiences to enhance user engagement.
- Achieved **Educational App Store certification** in **January 2025.**

### JPMorgan Chase & Co. — *Austin, TX / Jersey City, NJ*
*Senior Mobile Engineer* | Oct 2014 - Aug 2024 (9 yrs 10 mos)

Lead iOS engineer for **enterprise financial and proprietary applications**, overseeing Apple Enterprise accounts and collaborating with other **Lines of Business (LOB)** in JPMC.

- Developed, led and maintained iOS and Android apps, including the **JPMC App Store**, which serves 80k+ employees with enterprise and commercial apps.
- Refactored iOS applications from Objective C to Swift and from Swift to SwiftUI.
- Increased code coverage by writing **Unit Tests** and refactored apps annually to ensure compatibility with new OS versions and devices.
- Ensured our applications maintained Cyber Security compliance.

### Languages

Objective-C
UIKit
Swift
SwiftUI

### Skills/ TOOLS

Agile/ JIRA / Linear
Xcode/ Docker
SQL/ Postgres/
Vercel AI/ MLX
/Firebase

### CI/CD Related

Git
Bitbucket
Fastlane
Jenkins

### Cloud

AWS EC2
AWS Lambda
AWS S3

### Certificates

AWS Certified Cloud Practitioner

### App Medicine Inc | T3 | VML | WebMD — *Austin, TX / New York City, NY*

*iOS Engineer Consultant* | Jun 2012 - Sep 2014 (2 yrs 3 mos)

**iOS developer consultant** for high-profile clients, including **7-Eleven**, **The Cosmopolitan Vegas**, **Zyrtec**, and more.

- Developed and deployed **new applications from the ground up**, including the **WebMD Zyrtec app**, **Cosmopolitan Vegas Hotel app**, and **VML Brabble app**.
- Enhanced the **7-Eleven app** by adding new coupon features to improve user engagement and app functionality.

### Cline Davis Mann — *New York City, NY*

*Flash and iOS Developer* | Dec 2008 - Jun 2012 (3 yrs 7 mos)

Set up and managed the **Apple Enterprise account**, overseeing app distribution and security. Transitioned **legacy Flash tablet apps to iOS** for pharmaceutical brands like **Pfizer**, **Novo Nordisk**, and **Lipitor**, ensuring smooth platform migration.

- Developed and maintained pharmaceutical applications to **educate patients and doctors** on specific drugs and treatments.
- Refactored legacy Flash applications into **native iOS apps**, enhancing performance and user experience.
- Managed profiles and certificates as **Team Agent/Account Holder** for the Apple Enterprise account, ensuring seamless app deployment.

## EDUCATION
